From there you can download source code in PDF, View in popover window or right on the page. You can also navigate to my examples from there where I think you should do a walkthrough on thebloggalaxy.com my personal site with a powerful backend.

Professional Experience

2008-current Web Developer/ Programmer

Newstin as. Prague, Czech Republic

I work with a team of 8 Java developers, 4 graphics designer, and about 15 other people. I am the only person that does the front end work like Javascript, JQuery, CSS, HTML etc. Using Freemarker(kind of like PHP) the java team provides me certain things I need. The graphics team submits me images and screenshots and I put all the data together and get it to the website. Peter 420 234 708 511

2006-2008 Web Developer/ Programmer Contract Work

Virtual Creations. Traverse City, Michigan, United States
